

Let's go to Provo...

OBDC TURKS & CAICOS

MAY 4-11, 2019

Ports of Call Resort with Dive Provo offer a full service package, highly regarded by serious divers.

www.portsofcallresort.com / www.diveprovo.com

The resort has 98 fully renovated rooms of approximately 295 sq ft located in two 3-story buildings. You'll find AC, TV cable, room safe, hairdryer, coffee maker and WiFi in the rooms.

Note that there is no elevator on the property.

The resort is located within the beautiful Grace Bay area on Providenciales and is a short 15 minute taxi ride (not included—about \$30/person each way) from PLS airport. Instead of being a beach property (they do have a designated beach area about 300 yards away) the resort is part of the Shops of Ports of Call featuring many restaurants and bars, a spa, hair salon, ice cream parlor, gift and clothing stores, even a car and scooter rental. Facilities include a poolside bar and lounge with hot tub and chaise lounges. Not included are your flights or tips to dive staff. Service charges for hotel staff are included in the package.

Dive Provo is conveniently located on the property and all diving takes place from a boat. The shortest boat ride is about 15 minutes, with some wall dives being up to an hour away. Instead of diving as a group, buddy teams can choose their depth and swim as slowly or quickly as desired.

Garden room ~ 7 nights accommodation

Continental breakfast and OBDC party/dinner
