To:

Poseidon Dive Adventures  
Refundable only if someone takes your place

You will book your own flights  
to and from Cozumel Airport  
also your transportation to and from resort

Casa del Mar is a charming Mexican hideaway facing the Caribbean Sea. Situated across the main boulevard with 98 rooms, the property is surrounded by beautiful and exotic garden areas with a Mexican town feeling. The poolside restaurant and bar feature spectacular ocean views.

Cozumel faces the second largest barrier reef in the world and offers the best of Caribbean diving catering to all experience levels. Dive colorful reefs, swim thrus and walls that drop off into the blue, even a purpose-sunk wreck or two. Diving is exclusively drift diving in this passage between Cozumel and the Yucatan mainland. Popular dive sites will sound familiar—Paso del Cedro, Santa Rosa Wall, Tormentos, Palancar Gardens, etc. A special price for Nitrox must be prepaid. Free welcome tank from shore.

Experienced snorkelers who can handle the current can enjoy the impressive marine life near shore.

Although meals and drinks are included, it's still fun to take a taxi into nearby San Miguel and wander the boardwalk shops after the cruise ship crowd departs.

Less than a mile from our resort--Chankanaab National Park is a delight with its mock Mayan village, botanical gardens, sea lion show and lots of iguanas. Basic entry fee about \$2, but extra charges apply for adventures like Dolphin Discovery, zip line, Snuba, clear bottom kayak, manatee shows, etc.

If enough interest, we can ferry to Playa del Carman and do some cenote diving. To be decided later.
