

OBDC ~ Bonaire

ONE OF THE MOST FAMOUS CARIBBEAN DIVE DESTINATIONS

May 1-8, 2021

7 Nights Divi Flamingo Resort and 6 days boat diving

Scuba Diving Magazine readers voted Bonaire the best overall diving location in the Caribbean. Established as a marine park in 1979, Bonaire National Marine Park is a hotspot for Caribbean biodiversity. This island has protected its marine resources for more than 35 years. Because of this, marine life abounds with more than 470 fish species. Bonaire hosts amazing coral reefs and long forgotten shipwrecks. Because the island's dive sites are protected from currents, this is one of the best places in the world to gain a new certification. We will be going at the best time of the year in Bonaire's dry and sunny season. Sea conditions are steady and calm throughout the season with sea temperatures at 84°F and air temperatures approximately 89°F.

We will stay at the recently renovated 4 star **Divi Flamingo Resort** in their great **studios**. Daily hot breakfast is included plus your own mini kitchen. Resort has two freshwater pools, two restaurants, casino, on-site spa, free wifi, fitness center, and business center. Easy 5 minute walk to good restaurants and stores in the capital town Kralendijk. On site PADI 5 Star dive op with shop and certification training facility. Excellent house reef for snorkel or dive is short swim from the shore.

Awesome special pricing enables us to lock in 30% discount for next spring. Diver package includes 5 days of 2 boat dives/day, plus 1 day afternoon single tank boat dive, and unlimited shore diving. Studio rooms with kitchen are a bargain. Standard and Ocean View rooms are also be available. Rate includes daily hot breakfast, airport transfers, and taxes.
