Greece's Aegean Treasures

Vantage World Travel

Sept 23 to Oct 7, 2019

What could be more fun than exploring the Greek Islands with your friends on a small ship holding only 48 passengers, visiting ports that the big ships can't get into? Let's do it together.

We'll book and fly round trip on our own into Athens and spend 3 nights in the Nafplion area before boarding the M/S Galileo--a yacht-like small ship--for a week, visiting Mykonos, Naxos, Santorini, Milos, Paros, Syros and Aegina before returning to Athens for 3 more days of tours and excursions.

Price includes 13 nights including 7 on the ship and 6 nights at Greek hotels such as the Nafplia Palace Hotel (or similar) with guaranteed sea view rooms and Athens Divai Caravel Hotel (or similar). Thirty-one meals are included: 13 breakfasts, 8 lunches and 10 dinners. We will visit 4 UNESCO World Heritage Sites (Mycenae, Epidaurus, Delos and the Acropolis) plus 23 other sightseeing tours and cultural connections.

A Vantage Cruise Director who is a certified Greece guide and historian will accompany us and present lectures, plus we will have the services of regional experts and a private motor coach for guided sightseeing excursions. Includes all transportation while on the tour and all transfers and baggage handling beginning with our first hotel night.

You will receive a Vantage 5% Travel Reward toward your next Vantage journey and if you have traveled with Vantage recently you may already have the discount for this trip. There is also an early payment discount.

Vantage offers to book your air and include it in the package if you wish. Also, they offer pre and post extensions for this trip to Bulgaria, Albania and Kosovo. Trip insurance is also offered by Vantage. Vantage is holding this trip exclusively for OBDC until early January. There are currently 4 cabins available.

Price for this 13 night adventure: Category B (lower deck) \$5,699. Category A waiting list only. Air on your own. Deposit of \$500 to Vantage holds your space.
